Honorable Shelley C. Chapman;

I am writing this after I received the Chapter 11 notice filed by Patriot Coal. I worked and earned my health care from Peabody, I had 23 plus years. I never worked for Patriot. This is not right.

I know they have sliced and diced the company. They closed some and started others under other names

My wife of 52 years has one kidney, both knees replaced, hearing problems and also high blood pressure. I have prostate problems and also high blood pressure plus I have eye problems.

If this goes through we will be on the street. This is unfair. Please say NO!

God Bless
