

The Honorable Selby Chapman:  
I am writing to you about  
the Leschly, Auld and Leatrist  
Coal haulruptcy hearing.

I am a seventy two year old  
male. I have been diagnosed  
with Stage 3 colon cancer. I  
am starting my second round  
of chemotherapy. I have no  
one in my home to take care  
of me if or when I need home  
health care. I don't know  
what I could do if I have  
no pension or health benefits.

Please Mr Chapman help  
us and keep in mind what a  
hardship it would have if I  
lose everything. I worked hard  
for 27 years with the peace  
of mind and understanding that  
I would have a pension & health  
care.

Would appreciate anything  
you will do for me and my  
fellow workers.

Sincerely,  
William D. Scarborough
