The Honorable Kathy Surratt-States

My name is Coleman Burton, a 81 year old male, a retiree from Arch Coal. I have many health conditions, I have a manical valve in my heart, prostate cancer, diabatic, high blood pressure and I am on alot of blood thinner. I have had lung surgery, my knees are wore out and I can't have surgery because of so much blood thinner they are giving me Sugary shots just so I can get around, my wife is also on alot of medication. I was promised my health coverage until I went to my Grave. There is no way I can pay for this medication on my fixed income. Without my health benefits it would be food instead of my medication.

May God Bless,

Coleman Burton
